CORE CURRICULUM INCLUDES:

The Green Designation Core Course counts as credit toward earning the Green Designation, awarded by the Green REsource Council.

To complete the requirements, students must take a six-hour online elective, which is priced separately.

- Green building concepts, principles and practices
- Marketing to the green consumer
- The financial advantages of properties that are eco-friendly and energy efficient
- The significance of LEED, Energy Star, and other rating systems
- Regulatory issues, zoning and building codes as they relate to sustainability
- Advising clients seeking qualified "green" professionals
- Sustainable communities and land planning
- Green living: housekeeping, energy efficiency and air quality
- Greening your business
- Member support with referrals, marketing tools and consumer awareness campaigns

about the instructor

John Shipman is a specialist in consulting services, education and curricula development for workforce training and business development, training presentations and community outreach for green and energy efficiency programs. He is a Certified Green Home Performance Contractor with Energy Star and a Certified Solar Rater and Analyst. For more information on John, please contact Chris at 916-437-1210.

While non-REALTORS® may attend, they may not become Green Designees. *Upon completion of a six-hour online elective course (Residential, Commercial, or Business), the Green REsource Council will issue certificates to REALTORS® who have successfully completed both the core course and the elective. Elective course is an additional \$125.
