The At Home With Diversity® course is part of a comprehensive cultural diversity outreach program that will help real estate companies diversify their workplaces and improve the industry’s ability to serve culturally diverse consumers. NAR and HUD undertook a joint effort in 1998 to certify real estate professionals who are trained regarding cultural diversity and outreach and have made a commitment to a set of diversity principles. The training, built on the letter and spirit of the Fair Housing Act, provides participants with tools to build diversity outreach into their business plans to best serve a dynamic and growing market.
